Comments 2

Did authors estimate sample size? Please add in data analysis section.

Response 2

Since this study focuses on AT search, detailed estimation of sample size is not performed.

I added in data analysis section.

Comments 3

Please add ethics protocol approval number.

Response 3

Project identification code is H29-4. I added in 2.1.subjects and 6.patents.

Comments 4

I found some minor English errors throughout the paper. Please have a re-check.

Response 4

My manuscript is checked by an English proofreader.

I will attach an English proofreading certificate.
